

The year 2023 marks a big milestone for Stanz Foodservice as we celebrate 100 years in Foodservice. We are honored to continue the legacy of our founders Henry and Emil Stanz, honored to be an independent solution for our independent operators and honored to be a part of the communities in which we live and work. Come along with us as we celebrate the centennial all year long with the Stanz 100 feature. *In this edition, we share some statistics around what impact 100 years has had on our teams, our customers and our community.*
